

SUPER START – FOR TYRE SMART

Many of you reading this article may remember Glen and Jamie Head. The brothers were previously owners of Supertyres of Maldon, Essex.

Glen and Jamie opened their new state-of-the-art tyre and wheel alignment centre, **Tyre-Smart**, in early July at Moss Road, Witham,

They've experienced great success since opening **Tyre-Smart** their high-tech Tyre Centre, with customer numbers growing quickly with both retail and business clients reporting that they've been very impressed with the quality of work and the levels of service provided. That's because, apart from being very competitive on price, the Tyre-Smart team are always striving for excellence in everything they offer.

Glen and Jamie have just taken delivery of the latest "Quick-Plate

Haweke Wheel Balancing System" it is a highly accurate state of the art computerised balancing system with a sliding clamp that directly locks on to the wheels, with a locking plate that fits onto its balancers. After the balancing process has been performed any vibration problems you may have experienced through your vehicle's steering will have been completely eradicated.

With his expert knowledge in vehicle wheel alignment, Lee George their Alignment Technician has been kept busy aligning all types of vehicles ranging from family saloons and super cars to specialist "track day" vehicles.

The new depot features state-of-the-art fitting equipment which can handle any size of high performance wheels. What's more, they've installed a high-tech Hunter 'Hawk Eye' wheel

Professional & Knowledgeable the Tyre-Smart Team can boast 100 years of combined experience in the tyre industry.

alignment system to achieve the most accurate results when the fully-trained technicians perform wheel alignment. This ensures that your vehicle performs at its optimum when it comes to tyre wear, handling, performance and fuel consumption.

With the help of their former Senior Fitters at Supertyres, **Tyre-Smart**, can boast 100 years of combined experience in the tyre industry. **Tyre-Smart** stock and fit tyres from 10" to 28" and only use the most modern hi-tech equipment, ensuring there is no damage to your expensive alloy wheels.

The entire **Tyre-Smart** team share the same ethos as Glen and Jamie; to provide their customers with a friendly, professional and swift service, to get you back on the road safely.

If you would like a highly competitive quotation for your new tyres why not call (01376) 511177, or alternatively log on to **Tyre-Smart.com**. Glen and Jamie look forward to welcoming both old and new customers to **Tyre-Smart** and with over 50 years experience in the retail tyre trade you are definitely be in good hands.

You'll find it extremely hard to match this new tyre supplier and fitting operation when it comes to service and price.

Tyre-Smart is only 9 miles from Braintree 11 miles from Chelmsford 12 miles from Colchester and only 7 miles from Maldon, at **Tyre-Smart, Unit 6, Moss Road, Witham, Essex CM8 3UQ**.
